

Appendix Four – French Names for Plants and Animals

The list below is a partial set of names used in this study unit. For a complete list of translated names for vascular plants, birds, mammals, reptiles, amphibians, and fish that live in the Mount Revelstoke and Glacier National Parks, write to:

The Friends of Mount Revelstoke and Glacier
Box 2992
Revelstoke BC V0E 2S0
phone 837-2010

Ask for a copy of the FRENCH VERSION of the Vascular Plant Checklist and the Wildlife Checklist, which sell for \$1.25 and \$1 each, respectively.

Try using these French names on Bingo Cards

Have students create a 3 x 3 square grid, with one French name of an animal or plant in each square. Call out the English names until someone has a Bingo!
